Description

The Fountain 42 Lighting is the premier sport boat in the famed Fountain line-up, capturing championships and speed records through all over the world.

This is powered by the Mercury Racing 525 package, with FRESH top ends completed, and a current compression test showing everything is top notch and ready to go.

A custom graphic on the boat is a carryover from the original owner that used the boat as a promotional tool for business.

Outstanding performance, and amazing handling are the characteristics of the 42 Lightning, and this one is ready to go for the remainder of the season, and the big poker runs later in the year.

- Marine Head

Outside Equipment/Extras

- Cockpit Cushions

- Swimming Ladder

Manufacturer Provided Description

Fountain's race-proven 42' Lightning holds the current V-bottom world speed record at 143.946 mph, so you can imagine how the boat performs with stock horsepower. Staggered engines bring the props closer together and keep the center of gravity down along the keel, where it works best. Preferred power is twin 500 EFI Mercury's (80+ mph) although you can step all the way up to 900 SC's and easily push the speedometer into triple digits.
