Manufacturer Provided Description

The 32' Fever is the perfect twin-engine, entry-level performance boat. As one of the most competitively-priced boats in our lineup, the fully-equipped 32 Fever includes a custom, color-coordinated dash with bezels, throttles and a matching steering wheel. Fountain's lightning bolt logos appear throughout the cockpit on the seatbacks and engine hatch. Custom graphics accent the Fever's exterior. Below deck, a spacious v-berth with cabin couch provide plenty of room for overnight retreats. Also standard is a galley with pressurized sink and insulated cooler with storage underneath. Twin Mercury 320hp, 6.2 MPI engines push the Fever to speeds approaching 70 mph with incredible fuel efficiency. In addition, the boat planes in under 5 seconds and accelerates from 0 to 60 in less than 20 seconds.

Engine Notes

Twin 350 MPI Mercurys with Bravo One drives also available.
