- Seakeeper
- Stern Thruster
- Bow Thruster
- Electric Bilge Pump
- Air Compressor
- Electric Head
- Heating
- Refrigerator
- Battery Charger

Outside Equipment/Extras

- Swimming Ladder

Manufacturer Provided Description

The Mystic M4200 Center Console was built for a safe and dry ride in mind. The infused epoxy, carbon reinforced is the first of its kind. With a deep freeboard of up to 38", the boat is very dry in rough conditions and gives the owner and guest a great feeling of security. With our reverse chine, our center console is proven to be dry on typically wet days. With wind reduction being important to all consumers, we have addressed that with a 60" wide helm with comfortable and secure seating for three adults. Our gunnel wind doors protect wind and spray from going to the rear cockpit areas of the boat on windy, wet and cool days. All seating material and heights are configured for comfort while using 45-70 pound density foams conformed for the body. Safety systems are top notch and the luxurious cabin welcomes passengers with warm finishes and well-designed lighting.
